Fleet Captain: Tracy Virnoche

Bar Manager: Maureen Shebesta

Letter from Commodore Brian Muench

Here we are in November already, sure seems like October really flew by. What some beautiful colors we had last month, especially up north.

We had quite a busy month down at the club. Every Sunday has been very popular for the Packer games (even though they keep losing).

If you have any suggestions on anything from improvements to the club to new parties to run, please feel free to give me a call.

The boat show and swap/open house and brat fry on October 2nd got off to a slow start due to cold and windy weather, but a few brave soles made the trip down to the club to look at some boats and enjoy a brat or hamburger. I would like to thank Jerry Hein for all his work he put into the show and everyone else that helped out. We will try it again next year.

There was a wonderful turnout for the prime rib stag night on the 12th. Thank you Wally Norkosky and help for another great meal. I know everyone will be looking forward to next years.

I am sad to say that I was a little upset with the turnout for fall clean up on the morning of the 16th. Only four people signed up and showed up to help out. We need more participation with events like this to keep our club and grounds looking good! We need to see some new faces helping out around the club!

Oktoberfest was held on the 16th and there was a crowd of around 80 to enjoy some delicious German food. I would like to thank all of you who helped me run this fun party. A Halloween costume and scavenger hunt is planned for the 30th.

Coming in November, the down under (leg of lamb) party is on the 6th. There is a sign up sheet on the board. This was a fun party last year, so don't miss out on it.

Tom and Jerry night is on the 24th. Plan on stopping down to enjoy a warm Tom and Jerry and some good music, along with trying to win some door prizes. This is one of the biggest parties of the year, so stop down early and grab a seat and some food, and enjoy the evening.

Coming in December, the Change of Watch (Commodore's Ball) will be on Saturday the 11th. There will be a sign up sheet on the board soon. This is our formal attire night, and is a lot of fun with great food, and music. There again will be a New Year's Eve party with live music. There will be a sign up sheet on the board soon with the price and all the details.

Well that's all for now, I hope to see you down at the club. Please stop down and enjoy our fabulous Friday night dining, or just stop in some evening during the week for a cocktail and some conversation. Remember if you stop down for a Badger or Packer game; please bring a dish to pass. Please do not water the fake plants.

Brian

Reminder:

If you sign up for a party you are responsible for the stated fees. Some events are limited so if you do sign-up and cannot come please call and cancel to open up space for other members. If you do not cancel *and* do not show, you **will** receive a bill.

Committee News

House Committee

Jim Kocian, Chairman

As of October 15th we have served 5,265 people for an average of 128 per Friday night dining.

A friendly reminder when filling out a party application make sure you enclose a check with your application. If you bring your own food or if your caterer is not on file with us you need to give us a photo copy of your insurance policy not a number but a photo copy of the policy.

May all you snowbirds that are leaving for the winter enjoy your southern stay. Looking forward to your return in Spring! Thank you to all who continually come to our Friday night dining. We enjoy seeing all of you. Happy Thanksgiving to all!

Questions/concerns please contact me at 905.1650 or at Timber Lodge 683.1819

Policy Committee

Jude Gosz

The club has a void of policies from 1992 to 2006. It is very important that if you have any information on past policies to please submit them. All input will be very helpful. They may be dropped in the mail slot at the club.

Veteran Stag/Steak Night - November 9th

Skip & Steve Pfeffer

On Steak/Stag Night November 9, Skip and Steve Pfeffer will pay the entry fee of \$3 for club members who are veterans of the Armed Forces and will also pay the \$5 for non-member veterans. Plus provide one free drink for the veterans.

This is in appreciation for their service to our country. We deeply appreciate the sacrifices these men and women have made to protect the freedoms we all enjoy!

Sailing Humor

POWERBOATERS

Joe had saved up for many years and was finally going to purchase the fast offshore boat of his dreams. Shortly after hitting the water curiosity got to him and he pushed the throttle forward. With the wind blowing his aging hair back he smiled until he noticed a marine patrol boat chasing after him. At first he speed up to run away then realized, that was the wrong thing to do. With a terrible feeling he slowed to a stop. The officer asked his name. A very frightened, "Joe", was the response. Seeing that Joe was feeling really bad about being pulled over, the officer told him that if he could tell him a good reason for speeding his boat, he would let him go with just a warning. Joe thought for a moment then said; "My wife ran off with an officer and I thought you were trying to give her back!" With a smile the patrolman said; "Don't do it again!" and left.

Events

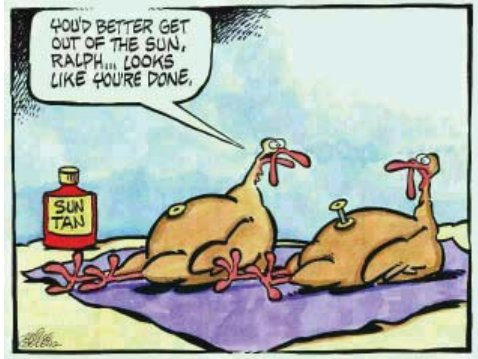

Tom and Jerry Night

Wednesday November 24th

Starting at 6pm

Food - Music - Tom & Jerry Drinks - Huge Raffle

Looking for volunteers to help that evening, also donations for raffle will be greatly appreciated. There will be a sign up sheet for help and also for anyone to bring an hors d'oeuvre. Any questions call Keith Shebesta 920.973.0033

GO PACK GO!

Come cheer on the Packers at the club! Bring a dish to pass and join the party. The Packer schedule is loaded into our online calendar so check for dates!

Kahlenberg Industries, Inc.

<http://www.kahlenberg.com/sound.html>

Kahlenberg Industries, Inc., a manufacturer of marine equipment since 1895, designed and produced its first marine air horn nearly 80 years ago. Today, the unending, long-term commitment to quality continues. Through ongoing refinement and the introduction of new models, Kahlenberg Sound Signals have developed a reputation for quality worldwide, for their reliability, durable construction and distinctive sound.

Established in 1895 as Kahlenberg Brothers Company, Kahlenberg Industries, Inc. has been family owned and managed since its inception over 114 years ago. Currently directed by the great-grandsons of founder William R. Kahlenberg, the company is continuing a proud family tradition of quality craftsmanship and service to marine and industrial customers.

The original three Kahlenberg brothers, Otto, William, and John, (in photo at right) began by constructing small steam engines for marine and stationary work. From this early beginning the company expanded, eventually marketing and selling gasoline and diesel engines across the globe. During World War II, Kahlenberg was the recipient of the Army-Navy "E" (Excellence) Award as the company worked around the clock producing marine engines, propellers, and air horns for the war effort.

1910

From the beginning marine propellers were supplied with Kahlenberg engines. Over the last several decades, Kahlenberg propellers have been used for a variety of industrial and marine applications. Most notably, Kahlenberg Propellers have developed a strong reputation for extreme durability on inland river workboat installations.

In 1930, in an effort to expand the product line during the Great Depression, William Kahlenberg's son Roger developed the first Kahlenberg Air Horn. Kahlenberg now manufactures a complete line of horns and sound signaling equipment that covers nearly any Marine, Industrial, Mass Notification or Wide Area Warning application. The U.S. Navy uses Kahlenberg Triton Piston Horns on aircraft carriers. We have built musical air horns for megayachts that play the owner's favorite songs at 140 decibels, at the touch of a button. Oil refineries in the Middle East use our horns for evacuation alarms. For those of you in the U.S., the chances are good that your favorite hockey team celebrates each goal with a blast from a Kahlenberg horn at the top of the arena.

Present

In 2007, Kahlenberg purchased the marine and industrial divisions of Airchime Ltd., formerly of Langley, British Columbia, Canada. Products previously manufactured by Airchime in Canada are now produced in our facility in the United States.

Kahlenberg Industries, Inc. is ISO 9001-2008 Certified for the design and manufacture of sound signaling equipment, propellers, marine equipment, and manufacture of other custom metal products. Marine sound signaling equipment is certified by ABS, British MCA, Canadian DOT, and numerous other national authorities and classification societies.

Distributed worldwide, all Kahlenberg products are proudly manufactured in Two Rivers, Wisconsin, U.S.A.

All Past Commodores:

Past commodores we need your help for the November Stag Night! Any past commodores who are still physically able to help with the November Stag Night please sign up now on the bulletin board. Without your help there will not be a Stag/Steak Night.

Any apprentices who still need hours should also sign up!

Contact:
Ron Stokes 682.3055
Bob Michaels 682.6559
for more information.

Meet Tim Hecker

Tim Hecker is a member of the Board of Directors & Veggie Crew. He also has committed to being the 2011 Treasurer. Tim has a wife Kris, four step-children and one granddaughter. He loves coming to the club to talk to the great people. An interesting fact is that Tim has scored 300 in bowling!

Congratulations to Keith Shebesta & Colin Rayford for 5 years of hard work!

Thanks for all you do for our club!

Thank you!
Much thanks to Jude Gosz, Dean Duescher, Tracy Virnoche and Tim Hecker for getting the sailboats back into storage!

Visitors

Gary Heilmann from the Green Bay Yacht Club visited after a hard day at work in Manitowoc. See what reciprocal can do!

Guests of Jim and Judy Kocian visiting from Arizona. They were in town celebrating their wedding anniversary.

Sheboygan Breakwater - Lighthouses of Wisconsin

<http://www.wisconsinharbortowns.org/>

Description: The present cast-iron Sheboygan Lighthouse commenced operation in 1905 and was moved to the end of the breakwater in 1915. Before this time, Sheboygan had been served by a second lighthouse located on North Point, the prominence one mile north of the harbor. The North Point Lighthouse was deactivated in 1904, and in 1916, the keeper's dwelling was relocated just a few blocks inland from the bluff, where it has since been used as a residence.

Location: Located at the end of the north breakwater in Sheboygan's harbor.

Latitude: 43.74955
Longitude: -87.6927

The lighthouse is owned by the Coast Guard. Grounds open, tower closed.

Note from The Waves

The Waves needs your help with contributions in the form of letters to the editor, photos – old and new, articles on water activities, suggestions, etc. ANY input is valuable! Drop them off at the club, mail to The Waves' attention or email manitowoc yachtclub@gmail.com. We hope to make the waves more informative and interesting!
